- *Constructing a new facility*

Manure application equipment

Application Process

1. The borrower proposes a project to the county for approval.
2. If the borrower is eligible and the project addresses local water quality problems, the county approves the project and refers it to a participating local lender.
3. The lender evaluates the financial details of the project and decides whether to offer a loan.
4. The lender and the borrower negotiate the terms of the loan.
5. The borrower completes the project.
6. The borrower provides bills and receipts for the cost of the project to the lender.
7. The lender requests money from the AgBMP Loan Program.
8. The AgBMP Loan Program sends the requested money to the lender.
9. The lender issues the loan to the borrower.
10. The borrower pays back the lender.
11. The lender pays back the AgBMP Loan Program.
