## Additional Performance Credit Calculations and Supplemental Information

Describe below the progress made in meeting your program year work plan inspection goals. You must provide quantitative results for each compliance inspection and land application goal listed in your work plan.

The County conducted 9 compliance inspections to meet the 7% inspection goal. Of the compliance inspections, 6 were at sites without previous recorded inspections, 1 in shoreland, 1 in the city of Morris DWMSA, and 1 for a feedlot that hasn't been inspected in approximately 10 years. In total 1 inspection was performed at a site of 10-49 AU, 6 at sites with 50-299 AU and the other 2 at sites of 300 or more AU. All feedlot sites are within TMDL areas of the County. Level 1 land application record reviews were conducted for feedlots over 100 AU. 3 were found to be lacking in manure application recording keeping requirements.
